11:00 - 14:00 Old Cracow Sightseeing

Medieval Cracow

The historic centre of Cracow, the former capital of Poland, is situated at the foot of the Royal Wawel Castle. The 13th-century merchants' town has Europe's largest market square and numerous historical houses, palaces and churches with their magnificent interiors. Further evidence of the town's fascinating history is provided by the remnants of the 14th-century fortifications and the medieval site of Kazimierz with its ancient synagogues in the southern part of town, Jagellonian University and the Gothic cathedral where the kings of Poland were buried.

During the trip you will visit:

The Wawel Royal Castle and the Wawel Hill constitute the most historically and culturally important site in Poland. For centuries it was the residence of the kings of Poland and the symbol of Polish statehood, the Castle is now one of the country's premier art museums.

The Bazylika Mariacka (Saint Mary's Basilica) is undoubtedly one of Krakow's most famous and most spectacular landmarks. It towers over the northeast corner of the **Main Market Square**, its delicately sculpted turrets peeking over the roof of the **Sukiennice (Cloth Hall)**, visible from all over the city. Like so many places in this enchanting city of Krakow, the Mariacki church towers are swathed in legend. The Cloth Hall (In Polish Sukiennice) in Kraków dates to the Renaissance and is one of the city's most recognizable icons. It is the central feature of the main market square in the Kraków Old Town. It was once a major centre of international trade.
